

Introducing GoLink Inland Port Connect, an on-demand service provided by the Southern Dallas County Inland Port Transportation Management Association (IPTMA).

Using a growing list of service providers, GoLink delivers convenient, curb-to-curb transportation in your area.

You also have the option of using UberPool for your trips, giving you even greater flexibility.

Take it to work, get a ride home, or use it connect to other public transit services.

During the introductory period, GoLink will be available to the general public. In January 2021, the service may be restricted to riders from participating employers. Be sure to ask your employer about joining the IPTMA so that you can make the most of this service.

It Pays to Use DART's GoPass® App & GoPass® Tap.
